

Children Connecting for Change

My school and my class are taking part in the Erasmus+ CEPNET project. My teachers have explained the project to me. I understood what they explained to me. I am ready to help them and I agree to take part in the project. I know that our project results will be shared with other schools in the project and other people in the community. However, the people they will speak or write to about this project will not find out who I am. If I do not want to participate any more, I can stop anytime and nobody will be angry.

We want to make sure you are happy for us to do this. To explain what we are going to do, we want to ask and show you these pictures. Will you mark the happy face if you are happy for us to do this and the sad face if you are not? We will only do what makes you happy.

Can I take notes about what you say or do?

Can I take pictures or video of you?

Can I listen to you talk?

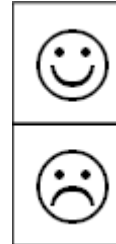

Can I show other people?

Can I watch or observe you

Can I put it in a report and on the CEPNET website?
